

Dear Middle School Parents,

This year, we have chosen to use digital novels as well as digital responses for summer reading. This will be done via the Actively Learn platform. Using the information below, please have your child log in to the account. There, you will find the novel for each level. As your student reads, they will answer the questions. They cannot move on to the next section of the novel until the question is complete. Their work is saved instantly so there is no need to worry about reading over an extended period of time. If you should have any questions, please feel free to reach out.

Enjoy your summer!
